

CONTACT REPORT  
PROJECT: TPAPLUCK

CASE OFFICER: [ ]

RIMMOSEY Stuttgart

22 December 1952

1. The final termination contact between [ ] and RIMMOSEY went off in a pleasant, affable atmosphere. RIMMOSEY presented his accounts and the only item left over was a question of payment of equipment supposedly delivered to JN-35 by a man in Munich. [ ] informed RIMMOSEY that he would not pay this sum, which came to around 150.00, as RIMMOSEY had not brought it up in any of the previous meetings when he was told to state everything that was owing to him, and also that we had no proof as to it ever having been made or authorized by us. It was therefore strictly a personal matter which he could straighten out himself. This payment appeared to [ ] to be another thing that RIMMOSEY had fished up for more money and it was time to stop being taken by him. RIMMOSEY signed the quit-claim and all our obligations appear to be ended towards him.

2. Concerning his future plans, RIMMOSEY stated that he still plans to work for the cut casing business. His family had not been able to come from Sweden as his son was still sick with arsenic. He reiterated that once before, before going to work for us, he had had an offer to work for General Gehlen but that he had come to work for us. Two weeks previously a contact of Gehlen's had seen him to suggest that he might like to work for them at the present time. RIMMOSEY stated that the operations for Gehlen would be into Poland through either Berlin or Vienna. He thought that he could do the job better from Vienna, underneath Poland, rather than try to cross the borders from Germany to Poland. He thought that he would probably contact the man or be contacted within another month. It appeared to [ ] that RIMMOSEY was looking for another bid to work for us and was hoping that his popularity with General Gehlen might force us to hire him again. No comment was made by [ ] on this proposal.

3. RIMMOSEY appeared content to [ ] on the current situation of his discharge. It appeared that RIMMOSEY would be shortly working in the intelligence business again for General Gehlen if we did not make a bid ourselves.

4. Next contact in Stuttgart February 18th or 25th for the purpose of seeing how RIMMOSEY is getting along.
